

Pointstreak Scoring

Important tips:

- Be sure you select the correct tournament or league when scoring games. ALL games that do not count towards league standings and statistics AND are not tournament games should be scored in Non League
- **Goalies** – it is critical to select all goalies that are dressed for the game and eligible for play in the player roster screen. Make sure you select the proper starting goalie and if there is a goalie change during the game, make sure you properly reflect the change in Pointstreak. You can go back and adjust the time and shots when you have a break in action.
- Verify which coaches and assistant coaches are present and make the proper selections.
- If a player or coach is serving a suspension, you will not be able to select them on the roster screen
- **DO NOT BLINDLY “Select All” on the roster screen – VERIFY the goalies, starting goalie, players and coaches!!**
- If you cannot find an official that is working the game in the drop down, use “Default Official” or “Default Linesman” and let the official know they will need to contact their own governing body to be added to the Pointstreak list
- Close out the game using 12345 for the score keeper password
- One Official will need to input their password on the final screen. Their password takes the place of their signature and indicates they have reviewed the game sheet and agree that it is accurate. This is the Official’s signoff.

Opening Screen – reset the terminal/Laptop if you do not see this screen – press the Pointstreak Logo to start the application. You will see “fetching data” – if you do not have a network connection, this step will fail

The User name will vary by location, the password is 12345

CHOOSE THE CORRECT LEAGUE!!!

You will find all the CAHA tournaments and regular leagues in this pull down. Be certain you are in the correct location for the game you are scoring.

All non league games should be scored in the non league section. **A non league game is ANY game that is not a tournament game or a game that does not count towards league standings and league win/loss statistics.**

The Practice Season is the “sandbox” to be used for Pointstreak Score Keeper training purposes

Pointstreak - License # 2845 - v2.8.3L2

Date: Wednesday, October 07, Time: 07:28 AM

League: Tier1 Winter 2009/2010

Division: CHC RiR Tournament 09

OK

Cancel

Home Roster

Away Roster

Enter Game information. Touch a field to select.

Select the players on both home and away rosters that are **dressed** and could potentially play in the game. Those that are not dressed or could not possibly enter the game should **not** have a check mark next to their name. **It is very important to have accurate game sheet rosters, players on game sheets that are not eligible could cause the entire game to be thrown out at credential checks and will not count towards playoff qualifications.**

Verify ALL players with the coaches and team managers and make certain to UNCHECK any players on the roster that are not in dressed for the game.

If a player is serving a suspension, you will not be able to select the player – Pointstreak will automatically decrement the suspension count at the conclusion of the game

If there are 2 goalies, **BE SURE TO SELECT BOTH GOALIES AND DESIGNATE THE STARTER** (Notice both goalies are selected and #30 is designated as the starter)

Game Notes screen

There are 2 sections for game notes. The top box is typically used by the officials to write notes regarding penalties and suspensions. These notes will be reviewed by the league disciplinary board. If you selected "Default Official" in the drop down box at the beginning of the game, enter the Officials name in the game notes here.

The Public game notes can be used for anything that can or should be viewed by the general public for example a referee or linesman's name that was not available in the pull down

The screenshot shows a window titled "Pointstreak - License # 2845 - v2.8.3L2". The form contains the following fields and buttons:

- Username:** A label above a dropdown menu and a text input field.
- Password:** A label above a text input field.
- Scorekeeper:** A dropdown menu with "caha" selected and an empty text input field.
- Referee:** A text input field with "Gregory Hidden" and an empty text input field.
- Linesman1:** A text input field with "Ron Groothedde" and an empty text input field.
- Linesman2:** A text input field with "Timothy Walsh" and an empty text input field.
- Buttons:** "Send" and "Back" buttons are located on the right side.
- Message:** A text box at the bottom reads "Enter Username and Password for at least one official. Touch fields to edit."

A red arrow points from a text box to the Referee password field. The text box contains the text: "Official enters their password".

ONLY if the Officials do not have their password, select “Send” and you will see the box below. Select “Yes” and the game will post to Pointstreak as “Unverified”

Verification Warning

An official password is needed to post a verified game. Do you wish to proceed with an unverified game?
